the collection

Artworks that seamlessly intertwine, effortlessly creating dramatic statements that will captivate your room. Each piece has been meticulously curated to not only complement one another but to elevate the beauty of every detail, providing a unique and immersive experience for the beholder.

Focusing on details of the artwork, we have created full collections of works, which enable you to curate a look throughout your space or place together to create statement works. We are proud to provide fine art quality prints that shows each detail as if it was the original. The collection will continue to grow and be added to and we hope you delight in the intricate details that have been captured, offering a fresh perspective on the beauty that surrounds us.

the artist

Alisha falconer is an Australian Abstract Artist known for her captivating large-scale creations. Working predominantly on a commission basis, Alisha's artistic prowess shines through as she seamlessly weaves botanical influences and natural elements into her pieces. Her art, characterised by contrasting tones, textured layers, and inviting colours, draws viewers into a nostalgic journey that evokes a profound sense of calm. Alisha's inspiration is rooted in her memories of growing up in the enchanting Western Australian countryside. The colours that surrounded her in those formative years have left an indelible mark on her artistic vision. Each brushstroke echoes the vibrant hues of the wildflowers, the tranquil blues of the sky, and the warm earthy tones of the landscapes that have imprinted themselves on her heart. It is these very memories that infuse her work with an authentic and deeply personal sense of nostalgia, allowing her creations to resonate on both a visual and emotional level.

An abstract painting with a rich, textured background. The color palette is dominated by warm, earthy tones: deep browns, golden yellows, and muted oranges. There are also cooler accents of dark purple and vibrant red. The brushwork is expressive and visible, with thick, layered strokes that create a sense of depth and movement. The overall composition is non-representational, focusing on color and texture.

Choose a section of an artwork to reproduce.

Artwork is printed to the size required.

custom sizing

For spaces that require an exact size or a size not provided in our standard range, we are able to provide a custom sizing service. Custom sized prints are created by either providing us the width you need and we scale accordingly or by cropping a current print to the size required.

We still have constraints when it comes to the overall print size, however this can be overcome by creating a diptych or triptych artwork for larger areas. As per the graphic below, you are able to choose a specific area on the artwork you like, and request a print of that area. We will first provide a quotation, then ensure the artwork resolution is able to print to the size requested. From there we will come back to you with confirmation or an option to suit. If this is something that you require, simply get in touch with us to discuss further.

commissions

Commissioning an artwork for your space is a perfect way to get a custom artwork for your home.

Conversations begin with the paintings that you're drawn to, the size of the artwork and a price estimate. From there, we do a proper measure up and delve into colour discussions, refer to your mood boards or furniture, and what's happening in each room.

Artworks can never be recreated, however we can work with you to create something that fits beautifully in your space, that is uniquely you, that you'll treasure for years to come - and get a tonne of compliments from your visitors.

the process

1. Initial contact. Usually a phone call or message. We chat about art and rough sizes for your space.
2. Price estimate. Alisha provides a price estimate from the rough sizes you've provided. If you approve, then we arrange a site visit, to look at the space, do a proper measure and talk in depth about your art commission.
3. Measure up. Alisha attends site with you to measure your walls, photograph the area and talk about your commission.
4. Project brief and quote. A project brief is drawn up based on our meeting, noting down colour choices, which of Alisha's artworks resonate with you, colour swatches or references and photography. An updated quote is provided.
5. 50% deposit. Once approved, a tax invoice is provided which notes down the project brief and anticipated timeline. A 50% deposit is required to start the work.
6. Photography sent of piece. Artworks take approximately 8-10 weeks from start date. When you meet initially you are advised of the month in which the artwork should be finished. If anything happens to delay the artwork (life) this will be communicated immediately. The artist takes every care in ensuring all deadlines are met.
7. Changes /adjustments made. Once the artist is happy with the artwork, photography and videos are provided to you for approval. At this point you are able to ask for any adjustments to be made or colours added/removed.
8. Client sign off. The artwork is signed off when both the artist and client are happy with it. This is a fantastic moment!
9. Final 50% payment. Once approved the final payment is made and the artwork goes into framing.
10. Framing/delivery/installation. We arrange a time for installation and hang your piece on your wall.

An original artwork is an investment, something that will be with you for a lifetime and possibly passed down to future generations. Alisha takes pride in every piece that is created to ensure you love your artwork as much as she does.

If you'd like to discuss a piece for your home or business, please contact Alisha directly on **0408 922 495** or email art@alishafalconer.com

All artworks are copyright to Alisha Falconer and cannot be reproduced without the permission of the artist.

all the info

paper vs canvas

We provide two options when printing the fine art prints. Either archival paper or canvas. With paper prints, they will require framing behind glass, where canvas will require stretching and framing. Both print options come rolled in a postal tube, for you to take to an art framer, to choose your framing. If you would like your framing arranged for you, please contact Alisha directly to discuss.

Small/Medium paper prints. Printed using Epson K3 Pigmented ink on archival cotton rag Gallerie Fine Art Smooth paper. These are unframed limited edition detail prints of original acrylic on canvas paintings. Strictly limited print runs of 100 per print and per size are provided. The size refers to the finished framed artwork. Prints are provided with a 70mm white border.

Large/XL paper prints. Printed using Epson K3 Pigmented ink on archival Cotton Artist Textured rag. Unframed limited edition detail prints of an original painting acrylic on canvas. Strictly limited print run of 100 per print and per size are provided. The size refers to the finished framed artwork. Prints are provided with a 80mm white border.

Canvas prints. Printed using Epson K3 Pigmented ink on canvas. Unframed limited edition detail prints of original mixed media paintings on canvas. Strictly limited print run of 100 per print and per size. The size refers to the finished framed artwork. Prints are supplied rolled, with a mirrored edge ready for stretching and framing.

The size refers to the finished framed artwork. Prints are provided with a border and are printed to order. Once an order is received, the artwork is printed, numbered, then carefully rolled and packaged. Prints do not contain a signature, this allows you to hang the piece portrait or landscape. Each print comes with a signed certificate of authentication.

sizing

Art prints are available in a range of sizes. Our standard sizes are A1, A2 and A0, as well as XL which is the maximum print size available for that print. If you have a specific size request or shape, please contact us directly to discuss this. As we work with a digital file, these can be altered or cropped to suit your requirements, and also provide a custom print option for your space. For larger spaces, our print series can be hung next to each other to create a larger artwork, and more dramatic, integrated look.

delivery & postage

Once an order is received, it will take up to 14 days for printing and processing. Prints will be sent via Australia Post in a postal tube, which generally takes up to 7 days for delivery within Australia, noting this may take longer during holiday periods such as Christmas. For international orders, please contact for estimated delivery times and costings. Due to the delicate nature of this product we do not exchange or refund. For special requests or fast tracked delivery, please contact Alisha directly.
